Diet, Physical Activity and Cardiovascular Disease Prevention

Workshop Milan – 25 June 2012

The Project – EuroHeart II

Susanne Løgstrup, Director European Heart
Network

European Heart Network (EHN)

The European Heart Network plays a leading role in the prevention and reduction of cardiovascular diseases, in particular heart disease and stroke, through advocacy, networking, education and patient support, so that they are no longer a major cause of premature death and disability throughout Europe

European Heart Network (EHN)

Brussels-based alliance linking 33 national heart foundations and like-minded non-governmental organisations in 26 European countries
